### CONDITIONS OF SALE.

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

### **OUR LAST SALE OF THE WINTER.**

Take full advantage of this big, diversified and interesting sale of three sessions. No more Elder Sales until April. This is a tremendous sale!

### **OUR APRIL, MAY AND JUNE SALES, 1934.**

We are planning to make these big and fine sales. Get into our sales with some material. We will accept anything but worthless junk. We cannot accept that. Your collections or duplicates are welcome, except commonest foreign coins and U. S. without premiums. We don't want those. We will work through February and March on our April, May and June Sales.

### **DEPRECIATION OF THE U. S. DOLLAR IN EUROPE.**

It is an ill-wind that blows nobody good, so for once the cataloguers and dealers here have Europe beaten in this dollar race, for the selling of the American dollar in Europe has made it practically impossible for American collectors to either bid at auction or buy coins in Europe. The reason is simple.

Our dollar in Europe is worth from 58 to 63 cents today, which means in paying your European bills you lose  $\frac{1}{3}$  the value of your dollar, you have to pay that much more for everything there. European speculators have been at this game of depreciating our currency for many months. It is hard to see where they gain by it. It means to collectors, you will have to buy your coins in the United States in order to get value received for what you pay out. A European bill of \$5.00 costs \$7.50 in U. S. money.

## THE LOCAL NUMISMATIC CLUB FOUNDED 1908

It is Twenty-five years this year since the local Numismatic Club held its first meeting, in 1908.

The writer, Mr. Elder called the first meeting, which was held at Keen's Chop-House. The following collectors attended that meeting:

Frank C. Higgins, Elliott Smith, Albert R. Frey, Herbert Nicklewicz, E. H. Adams and the writer. An organization was then formed. Mr. Higgins was made President, Mr. Frey Vice-President and Herbert Nicklewicz was the first Secretary of the Club.

Since then many distinguished collectors and numismatic authors have joined. Some of these have gone to their reward. Among the older members who have passed on, Mr. Elder pays tribute to these seasoned and veteran numismatists, some of whom have written learned books on Numismatics: Frank C. Higgins, Albert R. Frey, Herbert Nicklewicz, Dr. D. W. Valentine, David Proskey, W. W. C. Wilson, A. G. Heaton and Dr. Martin Burke.

Some of the early meetings of the Club were of great interest, and the writer is going to recount some history and incidents in future catalogues.

For instance, the Club elected many years ago two Honorary Members, the one being the present King Victor Emanuel of Italy, the other being H. S. H. Prince Louis of Battenberg, who was later the Marquess of Milford Haven, now deceased.

Some of the older meetings were largely attended by as many as thirty-seven people. The meetings were informal, as the Club was formed as a social and informal numismatic gathering where the favorite hobby could be discussed over cups of coffee and good cigars. Mr. Elder was one of the early secretaries of the club. **More anon.**

## THIRTY-FIRST ANNIVERSARY OF ELDER COIN SALES.

This year 1933 marks another anniversary, for *on Thursday, March 5th next, it will be exactly 31 years since Thomas L. Elder held his First Auction Sale of Coins, Medals, Tokens, Paper Money, Etc. The first sale was held in 1903.*

The Collections belonged to R. M. Stuart of Hamilton, Ontario, E. H. Moody of Hartford, Connecticut, Wm. E. Deeds, of Evansville, Indiana, F. Brown, Jr. and others, including a consignment from that veteran Pittsburgh Collector, who is still in the game, A. C. Gies, Esqr.

What was offered? Well, there were Gobrecht Dollars of 1836, and proofs, Also a 1797 Half Dollar, a 1796 quarter dollar, a 1797 Half Dime. There were some very nice old Eagles and Half Eagles. There were also 1793, 1799 and 1804 cents and a good Canadian collection. There were some few very good ancient coins, with an Aenus tetradrachm worth \$35. some fine

Greek and Roman copper, and early British silver coins. There were nine specimens of 1793 cents and four of 1804. Some of the cents were very choice. The piece de resistance of the sale, however was a group of eight Pine and Oak Tree Shillings, and two of Maryland. Dewitt Smith bought all these Massachusetts coins. To summarize, this first sale was no mean sale. The next sale was held by Mr. Elder in New York City, a public sale, on September 30th, 1905. Daniel R. Kennedy was the auctioneer. It was a splendid sale, containing the rare New Hampshire Cents, Washington Half Dollar and other gems with a total of 852 lots. We possess a priced catalog of this sale. The prices were printed.

We have been at the sale business ever since. Mr. Elder has made over 300 catalogues, so he can truly say no other American cataloguer now living has made so many coin sale catalogues. We are as the slang saying goes "still in the ring." This means we are ready to undertake the cataloguing of your collection or duplicates. Our long and wide experience with every class of coins and paper money assures you of having your lots catalogued in a way to net you the best results. Results are what you are after.

We find we had 203 bidders at our last auction sale, December 8th and 9th.

#### OUR APRIL SALE, 1934

Edward W. Parmalee Collection of Boston, Massachusetts. Fine American Silver, Foreign Coins, Medals and a Large War Token Collection with Many Western Cards.

---

#### THERE ARE A FEW POOR-PAYS AROUND.

Most collectors are honest and conscientious and cause dealers little or no trouble. But there are a few scamps who prey on coin dealers the country over. We have our tomahawks sharpened for them and give them notice that any efforts to beat us will be broadcast by us to every cataloguer and dealer in the country, for our mutual benefit, and in flagrant cases we will give names, descriptions, so others may not be imposed on. Coin men handle money which is cash, and bills must be paid in kind. We solicit the names of dead-beats, poor or slow pays and the like. We have only praise for the average collector; he is the salt of the earth. We are after the skins only. We keep an alphabetical list of the cheats, ready for reference at all times.
